Vision Statement

1. Introduction

This document houses the **Vision Statement** of the Kung-Fu Programmers Organization for the Boolean Expression Evaluator project.

1.1 Purpose

The purpose of the **Vision Statement** is to provide a single base directive for the BXE project.

The following people use the **Vision Statement**.

- **Project team members** use it to understand the basic goal of, and the motivation for the BXE project.

1.2 Scope

This **Vision Statement** provides guidance for the motivation behind the Project Management Plan for the BXE project.

The statement defined in this document is based upon the product requirements as defined in the *Vision Document*.

1.3 Definitions, Acronyms, and Abbreviations

See the Project Glossary.

1.4 References

For the **Vision Statement**, the list of referenced artifacts includes:

- *Project Management Plan* v1.0, 25/Feb/24, KFP
- *Vision Document*, 17/Feb/24, KU SoE, EECS Dept.

1.5 Overview

This **Vision Statement** contains the following information:

Vision Statement — provides the Vision Statement of the Kung-Fu Programmers for the BXE Project.

2. Vision Statement

The Kung-Fu Programmers Vision Statement for this project is to change the world, one Boolean expression at a time.

We will accomplish this goal by quickly learning to be efficient in using a general methodology of an Agile Software Development Model.

Our final product will be a memory efficient Boolean Expression Evaluator.
